

Dear friend of The Clinic,

In Phoenixville Borough where The Clinic is located, 9.2% of residents live below the poverty line, and 11.5% of residents are uninsured.

The Clinic is a nonprofit medical facility that provides quality healthcare to uninsured and underserved populations in the surrounding area. This year, we'll be celebrating the milestone of 150,000 patient visits provided to vulnerable members of the community since opening our doors in 2002, and have provided over 8,000 visits in the last year alone. Along with primary care, we provide specialty care, laboratory testing, diagnostic testing and medications, all at no cost to our patients. The Clinic imposes no eligibility requirements on our patients and takes pride in turning *no one away*.

Our patients are hardworking, many engaged in two and three jobs with no benefits; they have wonderful, loving families; they are appreciative, many subsequently returning to The Clinic family as volunteers; and, above all, they deserve a helping hand without fear of judgment or financial burden. It is our privilege to serve medically underserved residents with nowhere else to turn.

Here's where you come in. On March 19, 2020, The Clinic is hosting our Murder Mystery Dinner at RiverCrest Golf Club in Phoenixville, and we're looking for generous patrons to make this event a success. By supporting this event as a sponsor, not only will you have a chance to get your business or message in front of thousands, you'll also be making a commitment to your community by providing its most vulnerable residents with comprehensive healthcare. Please join us.
